COMMISSIONER FOR PATENTS
Washington, D.C. 20231
Sir:

This Supplemental Information Disclosure Statement is being filed pursuant to 37 CFR §1.97(c), after the mailing of the first Official Action, but before the mailing date of either a Final Action or Notice of Allowance.

Information or art known to the Applicants and having an extent of relevance to the present application has been listed on Form PTO-1449 attached hereto. It includes one United States patent and one foreign patent document. The Applicants have employed Form PTO-1449 for the purpose of convenience of the Office and the Examiner.

No representation is made that a specific search has been made, that the information is pertinent to the claimed subject matter, that the information is non-cumulative, or that the information represents the only or the best information. The Applicants do not admit that any of the information they have provided is necessarily prior to their invention but rather that it is information of which they are aware and that they believe should be provided to the Office in fulfillment of their duty of disclosure. Any question that may arise regarding priority of a specific reference shall be resolved during prosecution.

It is the position of the Applicants that none of the art provided herein accomplishes the objects of the present invention. The Applicants believe that the claims of the subject application are patentably distinct over the art of record.
